5.379 CADORO

FINITURA DECORATIVA IRIDESCENTE PER INTERNI

Finitura decorativa per interni dai particolari effetti iridescenti, dall'aspetto setoso e morbido al tatto, in grado di ricreare ambientazioni d'effetto classico e moderno.

- Attrezzi: pennello e frattazzo inox/plastica.
- Numero strati: 2. - Resa indicativa: 4-6 m²/l a due strati.
- Diluizione: pronto all'uso.

Applicare CADORO, sul fondo asciutto, già verniciato con DECORFOND, con pennello o frattazzo in plastica o d'acciaio stendendo il prodotto in modo uniforme. Ad essiccazione avvenuta della prima mano, applicare con frattazzo in plastica o d'acciaio un'ulteriore strato di CADORO creando con l'utensile delle rotazioni in direzioni contrapposte realizzando sfaccettature bitonali.

DECORATIVE IRIDESCENT FINISH FOR INTERIORS

Decorative finish for interiors with special iridescent effect, soft to the touch and with a silky appearance, perfect for creating classic and modern atmospheres.

- Tools: brush and steel/plastic trowel.
- No. of coats: 2. - Indicative spreading rate: 4-6 sq m/l with two coats.
- Dilution: ready to use.

Apply CADORO over DECORFOND when dried, with brush or plastic or steel trowel, spreading the paint evenly. Once the first coat has dried apply a second coat of CADORO with the plastic or steel trowel, using the tool in a rotating movement in criss-crossed movement to create a two-tone faceted effect.

FINITION DE DECORATION EFFET IRISE POUR INTERIEURS

Finition de décoration pour intérieurs caractérisée par ses effets irisés particuliers, ayant un aspect soyeux et souple au toucher, pouvant recréer le décor classique et moderne.

- Outils: pinceau et taloche en plastique ou en acier.
- Nombre de couches: 2 - Rendement indicatif: 4-6 m²/l en 2 couches.
- Dilution: prêt à l'emploi.

Appliquer CADORO sur DECORFOND séché, en utilisant le pinceau ou bien la taloche en plastique ou en acier, en étalant le produit de manière uniforme. Une fois la première couche séchée, appliquer avec la taloche en plastique ou en acier une autre couche de CADORO en effectuant avec l'outil des rotations en maniant l'outil en directions opposées pour réaliser des nuances chromatiques de deux tons.

ACABADO DECORATIVO IRIDISCENTE PARA INTERIORES

Acabado decorativo para interiores, que crea efectos iridiscentes particulares, de aspecto sedoso y suave al tacto, en condiciones de crear ambientaciones de efectos clásico y moderno.

- Utensilios de aplicación: pincel y espátula en pvc.
- Número de capas: 2 - Rendimiento indicativo: 4-6 m²/l de dos manos.
- Dilución: listo al uso.

Aplicar CADORO, sobre DECORFOND seco, con brocha o llana de plástico o de acero, extendiendo el producto uniformemente. Una vez secada la primera mano, aplicar con llana de plástico o de acero otra mano de CADORO creando con una herramienta rotaciones en direcciones contrapuestas formando pinceladas de dos tonalidades.

ДЕКОРАТИВНОЕ ПОКРЫТИЕ ДЛЯ ИНТЕРЬЕРА С ЭФФЕКТОМ МУАРОВОГО ШЁЛКА

одно из красивейших палатцо, расположенных на Гранд Канал в Венеции. По мотивам средневековой золотой росписи и создано это изящное декоративное покрытие с золотыми или серебряными частичками, с муаровым эффектом.

- Инструмент: пластиковая или стальная кельма.
- Кол-во слоев: 2 - Разведение: готово к применению.
- Расход: 4-6 м.кв./литр на 2 слоя

Нанести CADORO на сухую основу пластиковой или стальной кельмой, равномерно распределяя его. После высыхания первого слоя нанести пластиковой или стальной кельмой следующий слой CADORO, выполняя инструментом вращения или мазки в противоположных направлениях для создания переливов двух тонов. Сразу же по окончании работы инструменты промывают водой.
